PRIME X PrimeBoard XTreme SuperMatt P2 (XTSM)
Elegant and innovative lacquered board with a supermatt surface from every angle. PrimeBoard XTreme SuperMatt offers an outstanding anti-fingerprint effect – ideal for vertical applications and in combination with our Duropol XTreme and Duropol XTreme plus laminates.

X Duropol XTreme (XMSM)
Extremely matt appearance meets high durability. The high-pressure laminate for sophisticated ideas – postformable, easy to clean and resistant to fingerprints and traces of grease.

X TOUCH Duropol XTreme Touch (XMRT/XMVO)
Duropol XTreme Touch combines the high quality properties of Duropol XTreme with a natural-looking stone or wood texture for vertical and especially horizontal applications.

SOLID X Duropol SolidColor XTreme (XMSM)
Duropol SolidColor XTreme combines the high quality properties of Duropol XTreme with a decor-identical through-coloured core for a virtually seamless look and monochrome design.

X PLUS Duropol XTreme plus (XPSM)
Significantly more scratch-resistant than comparable matt surfaces, the supermatt Duropol XTreme plus with its outstanding anti-fingerprint effect and easy-to-clean surface withstands the demanding requirements of everyday life – even on horizontal, heavily used surfaces and edges.

X PLUS Duropol Compact XTreme plus (XPSM)
The ultimate in the XTreme family: the supermatt compact board Duropol Compact XTreme plus with anti-fingerprint effect for high quality, hard-wearing furniture and fixtures. Significantly more scratch-resistant, even on horizontal, heavily used surfaces.

SUSTAINABILITY

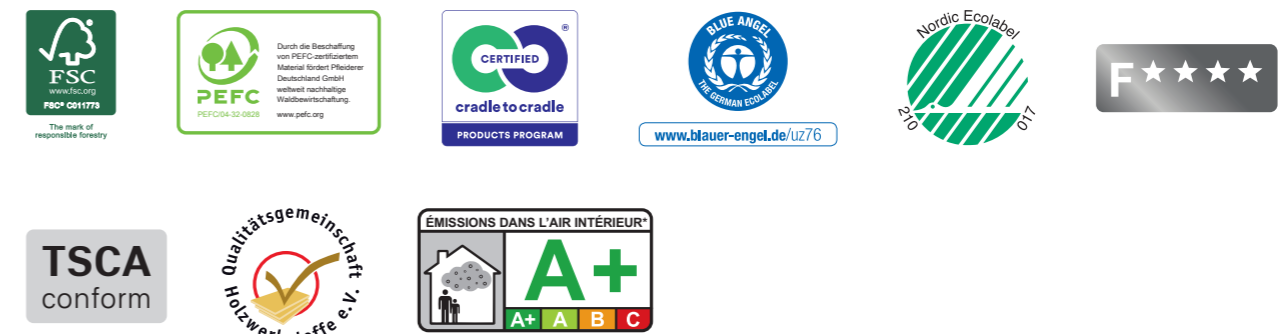

WE ARE COMMITTED TO THE UNITED NATIONS GLOBAL COMPACT

Those who rely on wood as a raw material rightly expect an environmentally conscious “green” material. At Pfeleiderer we want to do full justice, to this to commodity, therefore been offering an extensive range of low-emission and environmentally friendly products for many years. Sustainability – in addition to ecological, social and economic aspects – as well as the careful use of natural resources are permanent pillars of our corporate philosophy. Consistent circular economy and wood recycling at the highest technological level as well as independent evaluation of our procurement, production and logistics processes ensure that we optimally harmonise qualitative our ecological requirements ensuring that we offer our customers the best possible service, manufacturing and logistics processes as well as a corporate culture of accountability. We ensure that you can use our products with a clear conscience and recommend them to your customers.
